W. P. Lafferty returned yesterday from a month's trip east. He was at Chicago, St. Paul and Seattle and had a very pleasant trip. He says the eastern crops are wonderful and insists that the Dakota wheat yield at 90 cents a bushel will necessitate box cars to hold the money. After life in a fruit section, where he could eat the finest fresh fruit on earth, Mr. Lafferty found it impossible to eat the eastern article received there in storage cars, so when he got to Hood River he made the mistake of absorbing too many apples and plums. While other sections were attractive in a way, Mr. Lafferty thinks that old Willamette has them all "beaten to a frazzle."

Portland Journal:—The death of S. L. Kline, announced from Corvallis yesterday, was in a moment that the world calls inappropriate. He was in the very prime of life and in the midst of a career of busy usefulness. He was the head of one of the largest mercantile houses in the interior of the state, a business built up by his own sagacity and industry. He was a progressive and public spirited citizen whose passing is a blow to his city and community.

Corvallis is to have a new bakery in operation by Sept. 25. The building just north of the Hathaway blacksmith shop on South Second is being fitted up, a large oven is being built at the rear, and up-to-date machinery will be installed. C. P. Brennan, recently from Seaside, and W. R. Besse, are back of this enterprise. Brennan comes heralded as a baker of surpassing ability. The firm proposes to have the baking rooms open to public view and inspection at all times, and as soon as possible expect to put on a delivery rig.

The Benton County Day excursion to Toledo this morning carried from 60 to 75 Corvallisites. The city band went along and all excursionists were tagged with badges bearing the words, "Benton County."

F. L. Robinson, comparatively a recent arrival from the east, is employed with the Benton County National Bank for a while. Mr. Robinson was formerly cashier of an eastern bank, but came west and several weeks ago brought the Harrington forty acres.

R. W. Allen, a graduate of O. A. C. in 1907, and member of the faculty until last June, was made director of the East Oregon Experiment Station, and according to the Hermiston Herald has already made very extensive preparatory work in the matter of experimentation.

Robert Kyle, of Monroe, returned some time ago from his trip to Ireland, where he went to see relatives. The one thing that impressed itself on Mr. Kyle was the indisposition of the Irish to die. He found people on his native shore inclined to live to a ripe old age, and there were many such.

Real estate men say many strangers are coming to Corvallis, but that most of them are merely looking. Some of them frankly confess that they have no intention of buying immediately, and are only investigating for future reference. The real estate men are hauling them over a lot of country and occasionally one is landed.

The hop crop in Polk county is coming down light, and another week will see the end of the harvesting season. The market has not opened yet, the only sale so far being that of a small lot of Early Fuggles in Lane county at 18 cents. The chief demand just now seems to be for old hops. Two hundred bales of 1908s were sold in Portland the first of the week at 16 cents and a 170-bale lot of 1907s at 12 cents.

Afflicted with nervous prostration, Prof. C. I. Lewis was taken to a Portland rest cure today, Dr. Johnson going with him. Prof. Lewis has not been in robust health for some time, and being an indefatigable worker, he finally got into bad condition. He went to Newport several weeks ago, but this failed to answer the purpose, hence the trip to Portland now. His many friends here hope that a complete rest will soon restore Prof. Lewis to his normal health.

Ruthyn Turney, formerly foreman of the Corvallis Gazette but now of Salem, is in the city today renewing old acquaintances.

Miss Leah Chambers has just returned home after an extended visit at Fort Columbia with her brother, Lieut. L. B. Chambers.

Lew Billings has returned to his home in this city from Portland, where he has been employed. He was obliged to quit work on account of his health.

Rev. Whirey of McMinnville, will preach at the Baptist church next Sunday morning and evening at the usual hours. All members are urged to be present.

The Corvallis Cubs are making quite a record at the Lincoln county fair. The local team walloped Elk City again yesterday, winning by a score of 7 to 1. At five different times the Corvallis team filled the bases and then played a first-class bunting game. Tomorrow an All-Lincoln-County team will be played. Batteries—Corvallis: Carroll and Phillips: All Stars, Nash and Russell.

Geo. Waggoner and Wm. Cate became involved in an argument at the Robinson-Cate real estate establishment this morning, with the result that Mr. Waggoner slapped Mr. Cate and in return received a blow on the eye somewhat heavier than a slap. Friends interfered and prevented further hostilities. The statement is that Mr. Waggoner became unduly heated in the argumentation, but none in the room anticipated any personal encounter. The men have been good friends, both are peaceably inclined, and doubtless regret the occurrence very much.

Night on Bald Mountain.

On a lonely night Alex. Benton, of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe it's the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

NEW TIME CARD
ON THE C. & E.

A new time card for the C. & E. went into effect Sept. 7. There were several changes, but none that are very radical. However, a few minutes mean much when it comes to catching a train, so it would be well to clip this and paste it somewhere where it will be convenient. Trains on the C. & E. will leave Corvallis as follows:

For Albany: 6:15 a. m.; 9:30 a. m., except Sunday; 11:15 a. m.; 6:00 p. m.

For Yaquina, daily except Sunday, 1:40 p. m.

Arrive Corvallis

From Yaquina, 11:00 a. m.
From Albany: 1:15 p. m.; 8:30 a. m.; 12:35 p. m.; 8:30 p. m.

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you are convenient to the store, buy the regular size packages; if not near the store buy the large size family package.
